ADVENTURE KIDS

TEACHER JOB DESCRIPTION

Teachers fill a vital roll in Kids Ministry. Teachers not only teach children God's written word but will lead children into God encounters and give the altar call when appropriate. Teachers are the leader of the room while service is taking place. This allows them to stay in the flow of the Holy Spirit and His anointing.

Expectations for a Teacher are as follows:

- Communicating with parents as they pick up and drop off their children.
- Make sure all activities are done in allotted time (ie. Worship, story, and snack)
- Designate jobs to all helpers if they are needing further instruction.
- Contacting Service Coordinators if child cannot be calmed down.
- Make sure Jr. Volunteers are following protocol.
- Set a Godly example both at church and through your daily life.
- Contacting room owner if volunteers have not shown up for their scheduled serving time.
- Test all A/V and confirm all aspects are ready for service
- If there is a craft, craft is prepped and ready to roll out during service.

TEACHER RESULTS

As a teacher, the goal is always to provide God's light through word and deed to the kids. Setting an atmosphere of Godliness in the room with fun and meaningful examples of God's goodness will change kids lives. We are always endeavoring for kid's to encounter God. When they encounter God they will naturally have a greater desire for more of Him in their life!

"We serve because we have been served, and because we follow a leader who models servanthood." Bill Hybels
